Fire boy water girl light temple game

Fireboy and Watergirl in the Light Temple is the second part of the platformer puzzle game, in which you have to control the two characters and navigate through levels by solving difficult puzzles. These puzzles are based on the manipulation of light; You have to move Mirros to bounce the light around the plane. They only help the light reach the target area to solve the puzzle and complete the level. There are 40 challenging puzzles to complete that will test your puzzle solution skills. There is no set order for the levels, so choose one that you want to complete first. Good luck! Release date The first release date is October 2010 as a flash game. It will be updated in July 2018 with HTML5 technology. Developer Oslo Albet developed this game. Features A platformer puzzle game with Fireboy and Watergirl!
